

NO COMPANION LEFT BEHIND

We're telling our story in a new documentary "No Companion Left Behind."

This film, created by Notable Human Films documents the people and heart of Emancipet in providing affordable and accessible veterinary care. Stay tuned for a premiere near you this winter!

INSIDER UPDATES

In 2024, Emancipet will launch an initiative that is a first of its kind in the country. This exciting surprise will have an incredible impact on the access to care field and will be a milestone for Emancipet. We invite you, our donors, to hear from our CEO as she announces this surprise on a special call on October 23. Scan the QR code to learn more.

SAVING LIVES

THROUGH AFFORDABLE HEARTWORM TREATMENTS

"If you weren't here I couldn't have afforded to get Ben the health care he desperately needs."

After Allison adopted Ben, his first veterinary exam revealed he was heartworm positive. Allison was relieved to learn that Emancipet could provide Ben's heartworm treatment injections for a fraction of the cost compared to for-profit vet hospitals, and in her words "saved the day!"

Heartworm treatment is a multi-step process and takes about a year to complete. Ben completed the doxycycline initial treatment, and according to Allison is taking his heartworm preventative like a champ! Allison is happy to share that Ben is doing great, he is gentle, friendly and gets along with everyone in the neighborhood including Allison's cat and other dog.

"I am so grateful to everyone at Emancipet."

Heartworm disease is very serious, however when treated early, a pet's chance at survival is high. Currently, there is effective treatment available for dogs with heartworm disease, and Emancipet offers these services at our Norwood Park (Austin) and Wayside Drive (Houston) clinics, as well as low-cost preventative medicine and testing at all of our clinics. Heartworm disease will cause severe damage to your dog's heart and lungs and if left untreated, and will eventually lead to death. Emancipet follows the American Heartworm Society's recommendations for treatment of heartworm disease, which will safely kill adult and immature heartworms.

We are very proud that our veterinarians provided 3,704 life-saving heartworm treatments during 2022 — Including Ben's — while contributing to the body of knowledge about this treatment.

JONESY THE CAT MAKES HISTORY!

After over 250 entries and 108,500 votes, the results are in...Congratulations to our 2023 Photo Contest winner, Jonesy!

Jonesy is the first ever feline to take home the Grand Prize — it's a win for cat lovers everywhere. He loves zooming up the stairs and playing fetch, and his favorite scent is string cheese. We also couldn't get enough of Canela, our runner-up, and tons of dog-lovers agreed!

Jonesy, Canela, and everyone who entered and voted, helped us raise nearly \$10,000 for pets who need vet care at Emancipet Nonprofit Veterinary Clinics.

You can help pets too by signing up for our monthly Nose To Tail Team and help provide low-cost and free veterinary care for thousands of pets families in need. Donate \$10 a month and receive an Emancipet limited-edition tote bag as a special thank you! Scan here and choose your favorite tote bag featuring one of our winners or 8 more lucky Emanci-pets. From Tallulah who was born with one ear, to Babette who serves as an Alzheimer's assistance dog, we fell in love with every single face and story.

Best of all, your donation will help a pet family receive affordable veterinary care every month.

Itchy Pets

TUNE-IN

Many pet owners do not have access to trusted, reliable, bilingual, — and non-technical — information about pet health. **Our series, VetED, features Emancipet’s licensed veterinarians answering your questions about your pet’s health.** From protecting your pet in the heat to the basics of spaying and neutering, we’re here to provide reliable, trustworthy and easy to understand information, in our clinics and online at:

emancipet.org/pet-health-resources/

PETER SNEAKER

Peter Sneaker is just one of 250+ pets who entered into our Summer Photo Contest. With 524 votes, he captured the hearts of others too!

“Peter Sneaker came to Emancipet [Philadelphia] Adams Ave last year with a bad eye infection, and had to have his eye removed. This doesn't stop him from jumping off walls and running around in tote bags.” - Sarai B.

Your donations help pets like Peter get the essential care they need. Donate today!
