— TABLE HOST BENEFITS —

## 24 YEARS OF HELPING PEOPLE AND THEIR PETS!

**Thursday, October 19, 2023 at  
Springdale Station in Austin, TX**

Please join us to celebrate and support Emancipet at our 24th Anniversary Gala!

Emancipet is the leading nonprofit provider of affordable and accessible veterinary healthcare in the US. Emancipet believes that life is better with pets, and the love and companionship they provide. That's why Emancipet is on a mission to make sure every family is able to give their pets the care they need.

One out of four pet-owning households experiences barriers to accessing veterinary care, including financial, transportation and location barriers. By supporting Emancipet you will help us reduce barriers to veterinary care for Texas pets whose families cannot afford the rising costs of care.

**All funds raised support Emancipet's mission.**

**THURSDAY, OCTOBER 19, 2023 AT SPRINGDALE STATION IN AUSTIN, TX**

## PLEASE JOIN US!

This year's Gala will feature a fabulous farm-to-table dinner from Eden East, open bars, an incredible silent auction, music, dancing and more. The evening is guaranteed to be full of fun and all for a great cause! We look forward to seeing you there.

## ABOUT EMANCIPET

Emancipet is on a mission to make veterinary care affordable and accessible for everyone. Emancipet clinics provide access to annual veterinarian exams, vaccines, spay/neuter surgeries, heartworm treatments, dental and soft tissue surgeries, and more at low and discounted prices for those that need it most. Emancipet is able to offer its low-cost veterinary care services for dogs and cats through the generous support of donors.

Founded in 1999, Emancipet sees over 200,000 visits annually to its clinics in Austin, TX, Killeen, TX, Houston, TX and Philadelphia, PA, and has seen over 1.8 million visits since then. By providing low-cost services, with compassion and free of judgment, Emancipet works to support and strengthen some of the most powerful bonds in life - those between people and the pets they love.
