Thank you, Amy Mills!

.....

We extend our heartfelt thanks to our outgoing President and CEO, Amy Mills, for her leadership and unwavering dedication to Emancipet. Amy's vision and passion have transformed our mission, making veterinary care accessible to countless families during her 17+ years here. As Amy embarks on her next chapter, we are deeply grateful for the lasting impact she has made on our organization and the communities we serve. Thank you, Amy, for leading with compassion and commitment.

“

Our animals were treated with the best of care, with little to no cost. This was a huge sigh of relief. Having the funds to feed our families is scarce - let alone taking care of our furry family. It's nice to know that Emancipet donors help with the cost of keeping our pets healthy and happy. Emancipet is truly a blessing.

One Funder Helps Expand Access to Low-Cost Veterinary Care

Emancipet's Austin Dental and Surgical Center

One of our proudest achievements is the opening of the nation's first low-cost veterinary dental and surgical center in Austin, Texas. Supported by PetSmart Charities, this groundbreaking facility marks a significant expansion of our services, ensuring that more pet owners—like Corinne and her cat Beasley—have access to the care they need. In just the first three months of operation, the veterinarians at the Austin Dental and Surgical Center have treated 774 patients, performing over 180 dental procedures and more than 180 surgeries of various types.

Beasley, a beloved 13-year-old cat with a big personality, recently visited Emancipet's Austin Dental and Surgical Center for life-changing care. When a concerning growth appeared on Beasley's neck, his owner Corinne knew exactly where to turn. Already familiar with Emancipet's reputation for low-cost, high-quality care, Corinne was relieved to discover our new dental and surgical center. The center provided the perfect solution for Beasley's needs, offering the necessary surgery at an affordable price. Corinne is also thankful for Emancipet's compassionate and caring staff who explained everything and put her at ease about having her senior cat undergo surgery. Today, Beasley is back to his old self, enjoying snuggles, cat treats, and life with his family.

Beasley's story is just one example of the life-changing impact Emancipet's services can have. **Thanks to the new Dental and Surgical Center, we can now provide up to 4,000 low-cost dental procedures and 3,600 surgeries each year, addressing the needs of millions of pets whose families are unable to afford essential—and often life-saving—veterinary care. Your support makes this possible!**

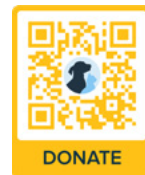

DJ Freckles Overcomes Heartworms with Emancipet

Meet DJ Freckles, an adorable Bulldog with a heart as big as his personality. He came to Emancipet for heartworm treatment and, with the support of our caring team, triumphed over this life-threatening condition.

DJ Freckles was first evaluated in March 2024 and began his treatment in April. Thanks to the Austin Bulldog Rescue, who brought him to us, he received the best care possible. By June 25, he was officially declared heartworm negative—a milestone celebrated by all involved.

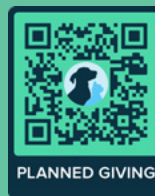

The good news doesn't end there; DJ Freckles has also found his forever home with a loving family.

DJ Freckles' story highlights the impact of affordable, compassionate veterinary care. If you're inspired by his journey, please consider supporting Emancipet's mission. **Your donations help provide life-saving treatments and care to pets in need, every day. Help us give more pets like DJ Freckles a chance at a healthier, happier life.**
